**Where does my food come from?**

During term three we have been learning about food processing systems. We compared a Pesto product made overseas (food miles approximately 16000km) with a product produced with ingredients collected within a 50 km radius. As part of our unit we visited a local Macadamia Processing Plant and grew some herbs to make our own pesto. We finished with a lunch of Pesto pasta followed by chocolate covered Macadamia nuts.

It has been a very exciting week at Brunswick Heads Public School as our Year 5 students, along with Mr Trotter, Mrs Currie, Jennah and Matt enjoyed the adventures of Camp Goodenough. From all reports students enjoyed a fantastic excursion and should sleep very well after such a busy four days! Thank you to our students for their positive behaviours on camp and for demonstrating our core values of ‘Be Safe, Participate and Be Respectful.’ Well done!

Our Kindergarten to Year 4 and Year 6 students have worked extremely well, under the guidance of our dedicated and hard-working teachers! Our K-2 students have been working beautifully across all KLAS and it is always a pleasure to visit our classrooms to see the high quality work that our students are producing. This week 3/4JR, 4/5A, Mr Pentecost, Miss Douglas and Jennah worked together to enjoy a range of maths games and challenges focusing on mental calculation and working mathematically.

Congratulations to Erez Lebovitz, who this week joined the 100s Club, when he clocked up 100km of swimming at the Mullumbimby Pool as part of the swimming club. This is an amazing achievement and we are so very proud of his efforts – he is the second person to complete this feat this season! Wow! It has also been wonderful to see so many of our students involved in sport outside of school, including Brunswick Heads Nippers, Swimming and so many other clubs.

Keeping our students Cyber Safe is extremely important in this day and age. Video games, movies and television programs come with ratings to support parents in keeping their children safe from inappropriate material. As a parent, it is really important to take a keen interest in the activities and games your child plays online to ensure that they are not interacting with others during this time. For more information about how to keep your child safe online, you can take a look at CyberSmart.

Our school garden has been buzzing along this week and is looking fabulous! The mulberry tree has had a good supply of fruit and provided a delicious snack for our pre-school students during their visit. Thank you to Anaheke, our volunteers, 5/6T and 4/5A for the work that they are doing this term.

Only 14 more sleeps until the FAIRTASTIC! It’s going to be a wonderful event with rides, stalls, entertainment and so much more! Thank you to the Fairtastic team and in particular Sarah, who spent her weekend putting up all the signs around town. Fairtastic begins at 4pm and will conclude at 8pm, there are over $6000 worth of prizes to be won on the Wheel of Winning (WOW) so come along and join in the fun. We look forward to seeing you all there!

**This week’s wrap up**

**Year 5 are off to camp**

A group of very excited Year 5 students (and teachers) left on Tuesday morning to Camp Goodenough for lots of fun and daring activities. This camp focuses on team building, peer support and personal challenges - always being encouraged to “have a go and do your best”.

We hope to see some great photos and action shots when they return.

**Doll making workshops**

Indigenous students joined in a workshop last week and this week making dolls with Donna Marie King and Jennah Browning. The students made their own dolls from mainly recycled materials with great results and lots of fun.

This is a fundraising initiative with the dolls being sold at the Fairtastic.

**What’s coming up?**

**Sport Term 4**

Surfing lessons begin TOMORROW, remember to bring all your gear. All other sports - wear appropriate clothing and bring hat and water bottle.

Some students still need to pay for Yoga and for Safe Surfing which begins this Friday.

**Dance** - please bring tight or wear shorts suitable for dancing, stretching and floor exercises. We are planning to do a dance performance at the end of year.

**10 Day School Swimming Scheme**

Aquatic activities play a significant role in the lifestyle of many Australians. Therefore it is essential that students are aware of the importance of water safety and are equipped with the necessary skills of safety and survival. The NSW Department of Education and Communities, School Swimming and Water Safety Program commenced in NSW Government primary schools in 1954. It provides students with Government funded free swimming and water safety instruction. There is a cost for bus & pool.

**What is coming up?**

**Year 5/6 Film Making**

5/6M & 5/6T are busy working with Ms Bee in their technology lessons story-boarding and script writing. In small groups, students are learning to corroboratively plan and create to produce some short films. Look out for students with their cameras filming in the next few weeks. Then they will edit in Adobe Premier. Finished products will be uploaded to the website!

Any money raised will be used at the discretion of the Aboriginal Committee for special projects or arts/crafts.

**10 Day School Swimming Scheme**

This program is a learn to swim and water safety program that develops water confidence and provides students with basic skills in water safety and survival for students in Years 2 to 6. The Program operates daily lessons of 45 minutes over 10 consecutive school days. The intensive nature of the lessons provide the most beneficial student outcomes.

Information permission notes have gone home to all Year 2 and Year 3 students. We would love to see all students participate. If your child is in Yr 4,5 or 6 and needs instruction, please give us a call or come into the office for a form.
If you haven’t already, please contact your class rep so they can complete your class’s Fairtastic roster. Chat to other parents or friends and see if you can take turns keeping an eye on the kids while you do a shift! If we all pitch in and do an hour, it means we can all enjoy the Fair with our families!

Has anyone got any straw bales they can donate? Ms Bee needs them for extra seating! Please email her Verity.Bee@det.nsw.edu.au or leave a message at the school office. Thanks!

Hope you like the A4 Guide to the Fair - you should have received it today (year 5s next week after camp). Spare ride forms are at the office. Cassandra and Katrina will process them over the next fortnight.

Please spread the word & invite all friends and family – it is going to be a FANTASTIC event!
